Nursery - Pre-K

Ahoy, little maties! Here at Happy Harbor we want you to know three things: That **God made you, God loves you and Jesus wants to be your friend forever!** We love to help you learn all about your Heavenly Father through creative activities that engage all five senses. You also experience fun characters, high energy worship, and interactive Bible stories.

THE STRUCTURE

Each week is full of objects for kids to touch, wild and wiggly activities to get them moving, crafts they will love getting into, and real life situations they can relate to. Our goal is to help each child master one concept at a time by creatively repeating the Bottom Line in a way that it will stick.

Each morning begins with MAKE IT FUN, activities that introduce the children to the day's topic and help them to feel welcome and comfortable in their classroom.

Next, the children take part in a large group called MAKE IT TRUE, which includes a Bible story and worship. We believe preschoolers are wired to worship! Children learn to express their love for who God is and to praise him for all He has created.

After large group, the children take part in MAKE IT STICK, a variety of center time activities that will help reinforce the lesson and the bottom line for the week.

And finally, the preschoolers meet for a time called MAKE IT REAL. The children will begin to understand that they can talk to God at any time and in any place. We pray together, journal, and the children receive a stamp, sticker or other reminder of the bottom line for the day.

PARENT RESOURCES

When parents come back to Happy Harbor, they are given SMALL TALK CARDS and MONTHLY MEMORY VERSES, tools that can be taken home and used throughout the week to keep the learning going!

ON THE HORIZON

Be on the lookout for some major changes happening in Happy Harbor very soon! And we're not just talking about a new coat of paint! Our vision is for your preschooler to have a whale of a time at the Harbor! More info coming soon!
